Description

This is an error correction concerning only Finland.

We want to change the PROCPR of proc codes NK6AQ *Luuston SPET ja matala-annos-TT* ja NK6BQ *Luuston laaja SPET ja matala-annos-TT* (plus code NXIA72 *Whole body bone SPET with low dose CT or MRI*) from 90D61 *Diagnostic procedure of peripheral vascular system for malignancy* ***to*** 90D42 *Demanding diagnostic procedure of musculoskeletal system for malignancy.*

The change can be done in 2028PL version.
